

An Innovative Relocatable Building Alternative Designed to Provide Immediate Expansion Solutions for Educational Institutions

A REFRESHING NEW
LEARNING
ENVIRONMENT

Sprung Structures offer temporary or permanent solutions for facility expansion and flexible leasing plans for shorter term requirements such as renovation projects.

The Sprung Advantage

ADD ADDITIONAL SPACE IMMEDIATELY

- Over 2 million square feet of inventory available for immediate delivery.
- Erected in a fraction of time of conventional construction.

FULLY RELOCATABLE AND MODULAR

- Ability to disassemble, move, reconfigure or expand.

UPGRADED AESTHETICS

- A large range of conventional accessories provide an attractive permanent look to a relocatable structure.

COMPLETE INSULATION PACKAGES AVAILABLE

- Up to 8" fiberglass insulation complete with fully tensioned interior membrane, provide an energy efficient, comfortable environment.

SIGNIFICANTLY LOWER COSTS

- Sprung Structures provide significant cost savings over conventional construction solutions.

LEASE OR PURCHASE

- Leasing provides a cost effective solution for temporary and semi permanent applications.

GUARANTEE

- Structures include a conditional pro-rata guarantee of 30 years on the aluminum substructure and up to 20 years on the architectural membrane.
